

Dear Parents, Children and Staff

Greetings everyone! All is well in school. This week we have welcomed the children and staff from our local cluster schools who have joined us here at Treloweth. I am happy to say that we have had a quiet but lovely week of activities, with a spot of waffle making, iPad time, outdoor games and Joe Wick's daily workout.

I would like to take this opportunity to thank the staff that are here from all of the schools in making it a very pleasant and happy time and thank the children for their enthusiasm and patience (I confess to failing at pancake making on Monday but did better with waffle making on Tuesday!) 😊

For those of you at home, I hope that you have had a good week and have managed to get outside, if only for a walk.

Last week's brainteasers from me (Mrs May)!

Last week I set you all some brainteasers - here are the answers!

I am not alive, but I grow; I do not have lungs but I need air; I do not have a mouth but water kills me. What am I? **FIRE**

This is as light as a feather, yet no one can hold it for long. What am I? **BREATH**

I am taken from a mine, and shut up in a wooden case, from which I am never released, and yet almost everybody uses me. What am I? **PENCIL**

Did you guess correctly? 😊

This week's brainteasers....

I have a little house in which I live all alone. It has no doors or windows, and if I want to go out, I must break through the wall. What am I?

A time when they are green, a time when they are brown, but both of these times, cause me to frown. However, just in between, for a very short while, they are perfect and yellow and cause me to smile! What am I talking about here?

We are pleased to welcome back Mr Humberstone for joke of the week!

Why did the cow cross the road? Because they wanted to get to the 'moo vies'!

Last week's maths challenge from Mrs Rogers

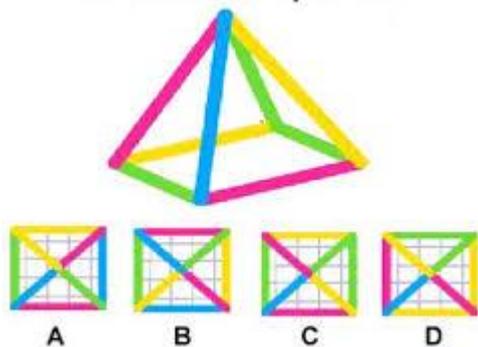

How many triangles can you find? Answer: 35 (can you see them now?)

This week's maths challenges from Mrs Rogers

'What is the value of each shape? How do you know? Make up your own challenge!'

Which is the top view?

▲	♣	▲	●	<input type="checkbox"/>

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	20	

Home School Tuck Shop

This was a great idea in the news...!

Set up a home tuck shop with a variety of snacks, for example, biscuits, fruit, chocolate, lollypops, veg sticks, crackers or crisps. Price up the items and give your child/children a small amount of money each day to spend. Children can then buy an item or two from your tuckshop and work out the change they should get back. Top tip: make the veg sticks and fruit the cheapest items to encourage good healthy eating habits.

Easter

Next week is the second week of our official Easter holiday. Teachers will be back on line Tuesday 14th April.

Trips and visits

It is with regret that we have had to cancel all trips/visits right through to the end of this academic year. Any money paid will be returned to you. When we do return to school, we will do all that we can to investigate alternative activities so that the children have a memorable end to the school year.

Notice: Treloweth Primary School distributes fliers and magazines offering family services or posts details of local activities on the newsletter. Whilst we think that parents might like the information and find it useful, the school does not necessarily endorse these services.

Physical challenge of the week from Mr Shaughnessy

KS2: how many mountain climbers can you complete in 2 minutes?

(Mountain climber: start in the plank position, bring the left knee forward directly under your chest. Keep your hands on the ground and your core tight, switch legs. Repeat in quick succession)

For an extra challenge, do your 2 minutes of mountain climbers and then a minute of burpees from week 1. Add your total together for some Active Maths.

KS1: how many vertical jumps can you do in 2 minutes?

(Vertical jump: feet shoulder width apart, touch your toes and jump towards the air)

For an extra challenge, do 2 minutes of vertical jumps and then a minute of star jumps from week 1 and then with help from a member of your family, add your total together for some Active Maths.

We understand that as this virus takes hold and we are asked to take even stricter precautions, your circumstance may change.

If you have a personal family situation and require me to phone you please email: secretary@treloweth.cornwall.sch.uk in the subject box, write FAO: Headteacher with a short message and your name and phone number and I will call you.

Thought of the week from Miss Williams

'Just because a few clouds appear, it does not mean the sun stops shining.'

Stay strong, stay safe, stay calm.

With best wishes to you and your family, Mrs May
