

Dear Parents, Children and Staff

Hello all!

I hope this email finds you and your loved ones well.

Once again, a big 'shout out' to the childcare hub workers this week and last! There have been some super creative activities going on and although tiring, I hear only positive comments. Yesterday was Teacher Appreciation Day; a massive thank you to all of my staff for their dedication and commitment - they are a cracking bunch and I will be out clapping tonight for each and every one of them.

Yesterday I sent out a letter containing a link to a survey regarding reopening the school and extending our current provision. We are following the Government guidance with regards to the priority order to return to school and operating safe working practices for children and all adults.

The priority is, first Key Workers and vulnerable children, then EYFS, followed by Year 1 and if capacity allows, Year 6. The extension of our provision will be gradual. On the 1st June, we will no longer be the Hub for other schools. If the Government deem it safe on 28th May, we will open to our existing childcare group of Treloweth children, new Key Workers and vulnerable children on 1st June.

On Thursday 4th June, it is hoped we will open to those of you that wish your child/children to return in Reception; Godrevy and Gwithian. If capacity allows, on Monday 8th June, we will welcome Year 1. It will depend on how many of you wish for your children to return and how many staff are able to return. As explained, bubbles of children cannot exceed 15.

Once we have your responses on Friday (by 12 noon), we will be in touch. The decision to return to school is yours. There will be no penalty for non-attendance between now and the end of this academic year. I understand that this will be a really tricky decision for many of you. Home learning will continue and to a large extent, learning will be mirrored in school. Don't worry if you feel the 1st June is too soon for you to decide. You can change your mind but, please be aware, we may not be able to offer you a place if we are full.

Here are a few photographs of Mr Lawrence's classroom bubble for Year 1. Children will have their own pot of resources, there will be cleaning provision in every bubble and timetabled break time/lunchtime outside and inside space within their bubble.

Tomorrow, I will be videoing how to access the school and how we will manage the drop off and collection pick up points. I will aim to get this on Class Dojo by mid-morning; it might help you to understand what it will be like for your child should you wish for them to return.

Notice: Treloweth Primary School distributes fliers and magazines offering family services or posts details of local activities on the newsletter. Whilst we think that parents might like the information and find it useful, the school does not necessarily endorse these services.

Next week is the half term break. Teachers will be taking time to spend with their families and will not be posting on line learning. We hope that the sunny weather continues to shine and we will all get out in the fresh air. We will be ready for action again from 1st June.

Last week's brainteasers....

What can travel around the world whilst all the time, staying in the corner? **A stamp**

What is at the end of a rainbow? **The letter 'w'**

The more there is, the less you see. What am I? **Darkness**

Mrs Cottle's Countdown answers from last week

5, 7, 2, 9, 3, 75 the number you need to reach is 427

Answer: $75+9=84$ $84 \times 5=420$ $420+7=427$

10, 2, 6, 3, 5, 25 the number you need to reach is 396

Answer: $10+6=16$ $16 \times 25=400$ $2+5=7-3=4$ $400-4=396$

This week's Countdown challenge from Mrs Cottle!

5, 7, 2, 6, 1, 25 total to reach 374

And a slightly harder one:

6, 10, 2, 5, 1, 75 total to reach 934

You can only use the number once, you can use add, takeaway, multiply or divide as many times as you like and you do not need to use all the numbers.

Here is this week's maths challenge from Mrs Rogers😊

Here is the maths challenge for the week.

In this diagram
11 matches make
3 squares.

Your challenge is
to move 3
matches to show

2 squares.

If you have a personal family situation and require me to phone you please email:

secretary@treloweth.cornwall.sch.uk in the subject box,
write FAO: Headteacher with a short message and your
name and phone number and I will call you.

Have a good weekend and happy half term; take care and stay safe, best wishes, Mrs May
